

August 25, 2022

Dear Parent/Guardian:

This letter is to inform you of services offered at Advanced Technology Academy that your family may qualify for at no charge.

ATA support staff has access to resources that can help you and your family access employment, housing, food resources, utility assistance, clothing and mental health services. If you have needs throughout the year, please call the number below and ATA Support Staff will be happy to assist you at any time in accessing resources.

Under the McKinney – Vento law, if your child is living in a housing situation that is not “fixed, adequate, or regular” the school can provide support for the family. Some examples of this may be living with family or friends, in a shelter or motel, having to jump from home to home each night, or staying in multiple homes during the week. If you are unsure if your family qualifies, please let us know the circumstance, and we will be happy to discuss the availability of services.

Finally, if you are a family who has students in the foster care system, the school works with DHS to ensure proper services are provided.

If you or your child are in need of any additional supports or you think you may qualify for any of these services, please complete the bottom portion of this page and return it with your registration information or have your student turn into his/her first hour teacher. You will be contacted immediately regarding your needs. Please be assured that your information remains confidential.

Sincerely,

Zahra Al-Howaishy  
School Social Worker - Homeless Liaison - Foster Care Liaison
